

The 2025 ball season is coming soon! We are running under a new non profit this year, Deckerville Youth Sports Association. We are committed to giving the youth in the community the best opportunity to have fun and be competitive in the upcoming season. We hope to continue to build this program and Association in the years to come.

Last year, with the help from the Deckerville Community School, the Deckerville Methodist Church, The Mason's Lodge, over 40 banner sponsors and private donations, and hard working volunteers, to add some storage and a nice concession stand near our fields. We also purchased the necessary equipment (balls, pitching mound, field chalk, ect) and expenses that come with making the program successful. WE ARE SO VERY THANKFUL TO ALL WHO MADE THIS POSSIBLE!!

This year, we have plans to put in a much needed batting cage for the DYSA players. The school has graciously let us use theirs in the past when the school varsity teams are not doing so. We hope to make practicing easier and more effective for coaches and players with this new batting cage. We also are in need of replenishing some field dirt and building up low areas that hold water when it rains during the season, along with all of our basic equipment needs.

If you would like to sponsor a banner with your business logo or family name, we plan to hang these on our ball field fences each season they are renewed. Please contact Michelle Wadsworth at 810-404-1014 with questions.

SEE BACK SIDE FOR BANNER DETAILS
